HEALTH CARE PLANNING CURRICULUM VITAE

RELEVANT HEALTH CARE EXPERIENCE

Chedoke Health Corporation

- Manage the assets of Chedoke Health Foundation (CHF) for the former Chedoke Hospital site. This includes providing liaison with Hamilton Health Sciences (HHS) who lease a portion of the lands for hospital use. Over the past 20 years, CHF has sold significant assets for reinvestment in the upgrading of new capital construction for health care facilities in the Hamilton area.

Niagara Health System

- Initially retained in 2003 by Hotel Dieu and Niagara Health System (NHS) to assist in the municipal approvals for co-location. After identifying the two existing hospitals were not able to locate a new combined facility on either existing site; completed the site selection, acquisition of the new site and obtained the required municipal approvals. Participated in the compliance team for the new hospital under the Design-Build-Finance-Maintain model of Infrastructure Ontario.
- Redevelopment of the existing two hospital sites and a number of related land use planning matters.

West Lincoln Memorial Hospital

- Beginning in 2008 – Completing the preliminary due diligence prior to the preparation of the RFP for a new hospital.

Hamilton Health Services

- Provided land use planning services since 1995 for a variety of health care related projects.

Numerous Long Term Care facilities and specialized institutional projects over the past 30 years, such as:

- Woman's Shelters
- Hospices
- Special Needs Facilities
